

IX CONFERENCIA

# RIAO/OPTILAS 2016

Pucón, Región de la Araucanía, Chile  
Del 21 al 25 de Noviembre del 2016

## Third Call For Papers

In this new call for papers, the Organizing Committee wishes to remind the participants of the RIAO/OPTILAS 2016 Conference (IX Iberoamerican Meeting on Optics and XII Iberoamerican Meeting on Optics, Lasers and Applications) of some upcoming dates and developments with regard to the Organization of the event.

Topic	Deadline
Abstract submission	<b>Monday July 28, 2016</b>
Sponsorship application form for students	<b>Monday July 28, 2016</b>
Notification of abstract acceptance	August 25, 2016
Acceptance notification of sponsored students	Thursday August 25, 2016
Registration for conference	Thursday August 25, 2016
Paper submission, extended version	Thursday November 3, 2016

**Note:**

The organization is willing to perform peer reviews of work submitted from this month, to speed up the application for financial resources for researchers and/or students in their respective countries.

IX CONFERENCIA

# RIAO/OPTILAS 2016

Pucón, Región de la Araucanía, Chile  
Del 21 al 25 de Noviembre del 2016

A poster is attached to this document to promote the conference, which hopefully can spread the word to possible participants.

To host RIAO/OPTILAS for the first time in Chile, the Organizing Committee has chosen Pucón as the meeting site. Pucón, a favorite tourist destination in Chile, is a lovely city in the Araucanía Region full of attractive activities for nature lovers, which makes for an ideal location for a meeting of such international importance.

The plenary, contributed talks and other principal activities will be held in the emblematic Gran Hotel Pucón, a historic building just steps away from the principal beach of lake Villarrica. The hotel offers all the amenities necessary to make the event a successful one.

More information about Gran Hotel Pucón:
